

West River Coffee Barn is excited to announce the launch of Art at the Barn, a rotating art series celebrating local creativity. Each featured artist will have their work displayed on the Coffee Barn's gallery wall for two months at a time, with all pieces available for purchase.

As new work is installed, a launch event will be held to introduce the artist and hear about their work, with light refreshments being served. Stay tuned for information about the next event.

Interested in displaying your art? Follow the QR code for the submission form.
